

The Infinity Collection

Are you tired of long lead times, production delays and the limited styling of velvets? **Infinity is the answer.**

Whether you're looking for bright designs and bold patterns or understated combinations with a more business demeanor, we have what you've been looking for. You can mix and match until you find "your look" at a better price than you've been paying.

For more information: Call (800)334-3309, or
Email: transportation@lantaltextiles.com

The Infinity Collection is:

Durable: Infinity achieved 80,000 cycles on the Martindale and has excellent colorfastness.

Readily Available: Standard colorways ship in 3-4 weeks at 60" wide and 25 linear yard increments. Minimum 25 linear yards per design/colorway.

Design Friendly: All eleven designs can be produced from four primary warps in a variety of colorways. Custom colorways are available with higher minimums and lead times. Your fleet doesn't have to look like everyone else because flat woven fabrics don't have the design restrictions you've encountered with velvets.

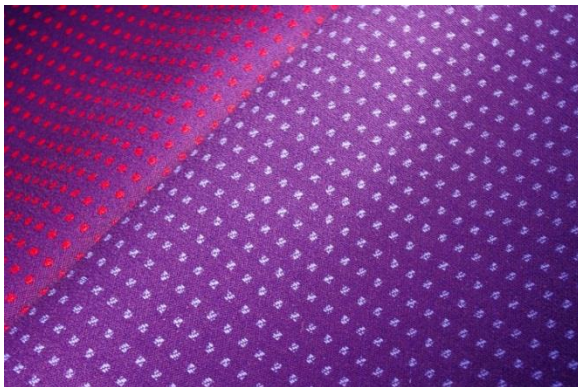

Keeping it Local: The Infinity Collection is manufactured in Rural Hall, NC, USA so it meets the requirements of "Buy America"

Regulations: Meets or exceeds the requirements of MVSS 302

Priced Right: Each of these patterns is well under traditional velvet offerings at less than \$20 a linear yard.

Lantal Textiles Inc is a proven leader in Transportation fabrics worldwide.

Help us put our experience to work for you.

Performance Guidelines	Test	Result				
Flame Resistance	MVSS302	Pass				
Colorfastness to Wet & Dry Crocking	AATCC 8 Dry Crocking Class 4 Minimum	Class 5				
	AATCC 8 Wet Crocking Class 4 Minimum	Class 5				
Colorfastness to Light	AATCC 16 Class 4 minimum at 60 hours	Class 5				
Physical Properties	ASTM D3512 Random Tumble Pilling	Class 5				
	ASTM D4034-92 Seam Slippage	<table border="1"> <tr> <td>Warp</td> <td>113 lb</td> </tr> <tr> <td>Fill</td> <td>66 lb</td> </tr> </table>	Warp	113 lb	Fill	66 lb
	Warp	113 lb				
	Fill	66 lb				
ASTM D5034-95 Breaking Strength	<table border="1"> <tr> <td>Warp</td> <td>344 lb</td> </tr> <tr> <td>Fill</td> <td>405 lb</td> </tr> </table>	Warp	344 lb	Fill	405 lb	
Warp	344 lb					
Fill	405 lb					
ASTM D2262 Tear Strength	<table border="1"> <tr> <td>Warp</td> <td>65 lb</td> </tr> <tr> <td>Fill</td> <td>41 lb</td> </tr> </table>	Warp	65 lb	Fill	41 lb	
Warp	65 lb					
Fill	41 lb					
Abrasion	ASTM D4966-98 Martindale 12 Kpa	80,000+ cycles				
Available Fabric Finishes	Latex Back Coating (standard unless otherwise specified) Stain Repellent & Moisture Barrier Backing (57"width only)					

Your fleet doesn't have to look like everyone else because flat woven fabrics don't have the design restrictions of velvets.
